## Notes on Bolivia

By -

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 28 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1902 edition. Excerpt: . . . and c. Among the many interesting varieties of birds are humming birds, of rich and varied plumage; the uchi, a species of yellow and black spotted canary; toucan, tunqui, of bright red plumage and stately crest, resembling that of the African touraco; a great variety of parrots and paroquets; the colibri, a small, handsome bird allied to the humming bird; the pajaro mosca (fly bird), with plumage so rich and changeable that, it is said, in the sunlight it produces with its feathers the same changes and brilliancy as the diamond; the organito (small organ), noted for the organ-like music it makes as it hums and sings, here and there, along the waterfalls where it is always heard. The low plains of this region of production, though the most fertile section of Bolivia, have their objectionable features in the excessive humidity of the climate,...
