According to Conyon and Murphy, (2000) and Bebchuk and Fried, (2006), pay depends on performance of an employee in relation to the threshold set as measurement. Pay for performance has different categories and they include the following : Competence based payment rewards and training links directly with competency platforms, measured upon on the employee demonstrating specified qualifications like: identifying, analyzing and solving problems, taking responsibility and making critical decisions concerning job description, leadership qualities traits that are relevant to the job, customer satisfaction i.e. good interpersonal skills , dealing with conflicting views and means of resolving them or having certain qualifications. Profits resulting to payments of bonuses or being given...
