On the Sublime is one of a number of classical literary treatises that pose the often-considered problem of nature versus art, of the relative contributions of natural genius or inspiration and of acquired skill to great writing. The author of On the Sublime, who almost certainly was not Longinus, but instead was an anonymous Greek rhetorician of the first century, argues throughout the work that it is a writer's genius that lifts the reader out of himself (or herself), above the limitations of reason. The author also points out that it takes great skill, training, and self-discipline to know when to give free rein to one's genius and when to hold it in check. This treatise is an interesting combination of philosophical speculation about the elevating, moving powers of poetry and oratory and of practical suggestions about the grammatical constructions and figures of speech that contribute to the effectiveness of great or sublime writing. The author, an enthusiastic critic of his literary predecessors, often quotes Homer, Demosthenes, the great Greek dramatists, and even...
