New Book. This lively best-selling story - now in its third edition -
will appeal to youngsters diagnosed with ADD or ADHD. Otto is a
high-octane young car whose motor is always running in
overdrive. He also has trouble paying attention in school, is
easily distracted, and acts without thinking. Otto and his parents
visit a special mechanic, who prescribes medication to slow
down Otto's racing motor and who shows him many ways to be
more focused and organized and better able to get along with
others. Reflecting a multiple-treatment approach to ADHD, Otto
's experience includes counseling and other non-medical
supports in addition to medication. A Note to Parents discusses
the most current findings about ADHD medications, including
their potential side effects.
